SAFETY: YOU MAKE THE DIFFERENCE

Your safety and security are of prime concern at The University of New Mexico and we at the UNM Police Department (UNMPD) are working hard to ensure the campus is a safe place to live, learn, work and play. UNM is not, however, exempt from crime. We are doing our part to prevent crimes, but to be safe and secure, YOU must take common sense precautions, be alert and look out for others. Maintaining an effective police department is a community effort, and together we can ensure UNM remains safe.

UNM: PART OF A LARGER COMMUNITY

The University of New Mexico main campus, located in Albuquerque, New Mexico, is a community of approximately 29,000 students and approximately 15,000 faculty and staff. Visitors come to our campus to attend lectures, symposia, concerts, plays, sporting activities and other events. Our 769-acre campus is surrounded by the city of Albuquerque, a metropolitan area with approximately 560,000 residents. Even with our large and constantly changing population, we have maintained an extremely low crime rate.

MISSION

The mission of the University of New Mexico Police Department is to provide the University with exceptional police services for the preservation of human rights and the protection of people and property. These services are provided with an emphasis on proactive measures, minimizing the need for reactive responses. We strive for positive interaction with outside agencies and maintain a strong, cooperative relationship with the community by respecting differences and fostering a better understanding through communication.

HOW UNM PROTECTS YOU

The UNM Police Department is here to protect you and offers numerous services to ensure your safety.

The UNM Police Department is open 24 hours a day, 365 days a year. All UNM police officers are required to meet state certification standards mandated by the New Mexico Department of Public Safety. UNM Police officers are commissioned by The University of New Mexico Board of Regents (Section 29-5-2 NMSA 1978). They have full power of peace officers on campus, including the authority to enforce all applicable laws, ordinances, and campus traffic regulations, and the authority to arrest. Officers are also cross-commissioned county-wide by the Bernalillo County Sheriff. The UNM Police Department has interoperable radio communications and can talk to police, fire and UNM Hospital during emergency situations.

The UNM Police Department investigates complaints of on-campus criminal activity, working closely with the District Attorney’s Office to ensure effective prosecution. The UNM Police Department, through agreements with the Albuquerque Police Department, Bernalillo County Sheriff’s Office and the Rio Rancho Police Department concerning law enforcement and criminal investigations.

UNM Police encourage students, faculty, and staff and visitors to promptly report all crimes. Crimes occurring on campus should be reported to UNM Police at (505) 277-2241. Crimes committed off the UNM Campus should be reported to the appropriate police agency (Albuquerque Police Department, Bernalillo County Sheriff’s Office, etc.).

In an emergency you may dial 911. The 911 system automatically traces the location of all calls, which enables officers to respond even when a caller cannot provide the location. When you dial 911 from a campus telephone, your call will be received by the UNM Police Department. If you use a cell phone to dial 911, the call will be received by APD, but will be transferred back to UNM Police if you have an on-campus emergency. Outside of the Albuquerque metro area, you will reach the appropriate law enforcement agency where the 911 system is utilized.

Special telephones providing emergency services for the deaf are placed at various locations on the UNM campus. The University Police Department is equipped with a Telephone Device for the Deaf (TDDs), (505) 277-0888 for 24-hour service.

Emergency telephones, which are direct lines to the Police Communications Office, are located throughout the UNM campus. You may use the emergency telephone by opening the telephone box and pressing the button. The Police Dispatcher will answer the telephone promptly, and you will be able to relate the nature of your emergency. Also, a blue light over the telephone will flash for the duration of the call to assist emergency personnel in locating the caller.

We ask that you call (505) 277-2241 to report non-emergencies. Emergency-telephones will not enable you to make calls other than directly to the Police Dispatcher as an EMERGENCY RESPONSE & EVACUATION PROCEDURES.

In the event of a significant emergency or dangerous situation involving an immediate threat on campus, UNM has a multi-faceted, emergency communications system designed to notify students, faculty, staff and visitors through text and email alerts, webpage notifications and a campus-wide warning siren system. Plans and policies are in place such that the University will, without delay, and taking into account the safety of the campus community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Students, faculty and staff are automatically enrolled in LobosAlerts which is an emergency text messaging system and the greater community can also receive the alerts through social networking sites like Twitter and Facebook, or can sign up for the UNM Community Text Messaging site.

The UNM Emergency Control Policy (UNM Policy 6130) https://policy.unm.edu/university- policies/6000-6199.html outlines the process that the UNM Police Department uses to confirm that a significant emergency exists and the process used to target messages to the appropriate segments of the Albuquerque campus. The decision to send out the notification of a significant emergency lies with the UNM Executive Vice President for Administration, the UNM Police Chief, and/or the UNM Emergency Operations Center Director, or any of their respective designees. Ideally these officials will collaborate when deciding whether to initiate the notification system; however, these officials are authorized to initiate the system on their own, without first obtaining the concurrence of the others, if circumstances do not allow for collaboration. The University Communication and Marketing Department (UCAM) assists in crafting the content of the notification message, which is then disseminated by the appropriate communications department to the campus community through one or more of the systems described above.

UNM conducts exercises of the campus warning system at the beginning of each semester. These exercises are announced through the local media, campus newspaper and web page once every week in advance. All facets of the system are exercised including text and email alerts, web page updates and the warning siren system. In addition, the Emergency Operations Center (EOC) conducts exercises at least twice annually, and the UNM Hospitals participate in joint exercises within the city at least twice annually. Also, other campus subunits, including the Residence Halls, conduct fire evacuation exercises each semester. In addition to announced exercises, the Emergency Operations Center may be subject to, or authorize, other unannounced exercises.

UNM provides orientation to new students, faculty, staff and campus groups and departments regarding basic safety and emergency preparedness efforts. Materials are available on-line allowing the campus community to refresh their understanding of emergency response and evacuation procedures at any time. Lobo Red-Ed, UNM’s Emergency Preparedness web-page is available at http://lobored.unm.edu. UNM has an Emergency Management Committee which reviews emergency response and evacuation plans and procedures on an on-going basis. The UNM Office of Emergency Management maintains documentation of each test, a description of the exercise, the date, time and whether it was announced or unannounced.

TIMELY WARNING NOTICE

If the UNM Police Department receives information that a campus condition exists that represents a serious or continuing threat to the UNM community, a timely warning notice will be sent without delay to students, staff and faculty in an effort to promote safety and aid in the prevention of similar crimes. The UNM Chief of Police (or designee) authorizes the issuance of a timely warning notice. The notice will include information about the circumstance that triggered the timely warning and what action members of the campus community are advised to take to protect themselves. The UNM Chief of Police (or designee) may decide to issue updates as needed as the situation evolves.

The University of New Mexico maintains multiple systems that are utilized to warn the campus community of crimes, including text alerts, email alerts, and web alerts. Students, faculty and staff are automatically enrolled in LoboAlerts, which is an emergency text messaging system.

The UNM Police Department works with the University’s communications departments to determine the content of the alert, which is then disseminated by the appropriate communications department to the campus community through one or more of the systems described above. The UNM Police Department controls access to campus sirens and, depending upon the nature of the situation, the UNM Chief of Police (or designee) may authorize the sounding of sirens as part of a timely warning.

CRIME REPORTING & COMPILING CRIME STATISTICS

The UNM Police Department encourages anyone who is the victim of, or witness to, any crime on the UNM campus to promptly report the incident to the UNM Police Department. Under New
REPORTING CRIMES TO OTHER CAMPUS SECURITY AUTHORITIES

Who Are Campus Security Authorities? The Clery Act mandates that institutions must disclose statistics both for crimes reported to local police agencies and crimes reported to campus security authorities.

\[\text{Criminal security authorities include the following:} \]
\[\begin{align*}
\text{a.} & \quad \text{A member of a campus police department or a campus security department of an institution. A member of a private "event staffing" company working on campus under contract.} \\
\text{b.} & \quad \text{Any individual or individuals who have responsibility for campus safety, but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).} \\
\text{c.} & \quad \text{Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.} \\
\text{d.} & \quad \text{A student who is representative of institutional support student organizations and who is responsible for monitoring the campus housing and residence life environment.} \\
\text{e.} & \quad \text{An official of an institution who has significant responsibility for student and campus activities, such as:} \\
\text{Dean of Students} \\
\text{Director of Athletics} \\
\text{A resident student advisor or assistant who monitors access to dormitories} \\
\text{A coordinator of Greek affairs} \\
\end{align*}\]

The intent of including non-law enforcement personnel as campus security authorities is to notify that many people, students in particular, are hesitant to report crimes to the police, but may be more inclined to report incidents to other campus-affiliated individuals.

Examples of individuals who DO NOT meet the criteria for being campus security authorities include a faculty member who does not have any responsibility for student and campus activity beyond the classroom, clerical staff, custodians and maintenance personnel and cafeteria staff.

Responsibilities of Campus Security Authorities

Because of the lower crime rates, campus authorities are more likely to be able to manage the reporting and investigation of crimes. The most reasonable and effective way to manage the reporting is as follows: If Campus Security Authorities observe any crime listed below, or if any person reveals to a Campus Security Authority, in good faith, that he/she learned of or were the victim of, perpetrator of, or witness to any crime listed below, the Campus Security Authority must immediately notify the UNM Police Department.

Crimes that should be reported are:

- Murder and non-negligent manslaughter
- Negligent manslaughter
- Sex Offenses (Rape, Fondling, Incest, Statutory Rape)
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Liquor Law Arrests
- Liquor Law Referrals for Disciplinary Action
- Drug Law Arrests
- Drug Law Referrals for Disciplinary Action
- Weapons Violations
- Dating Violence
- Domestic Violence
- Stalking

All hate crimes noted by category of bias (race, gender identity, religion, sexual orientation, ethnicity, national origin or disability), which include the following:

- Murder and non-negligent manslaughter
- Negligent manslaughter
- Sex Offenses (Rape, Fondling, Incest, Statutory Rape)
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Larceny-theft
- Simple Assault
- Intimidation
- Destruction, Damage or Vandalism of Property

The UNM Police Department compiles and reports annual crime statistics to inform the University community about crime and related problems. Statistics are gathered from UNM Police Department reports and through consultation with the Albuquerque Police Department, Bosque Farms Police Department, Kirtland Air Force Base Military Police, Santa Ana Pueblo Police Department, the Bernardillo Police Department and Rio Rancho Police Department, as appropriate, for areas of public property and non-campus property associated with UNM that are within the jurisdiction of those law enforcement agencies. “Public property” and “non-campus property” are geographic areas defined by the federal Clery Act for which crime statistics must be reported. The annual crime statistic tables at the end of this report includes the definitions of those terms.

In addition to reporting crime statistics from reports made to the UNM Police Department and other local law enforcement agencies, UNM Police Department contacts other campus security authority offices on the UNM campus to find out if any crimes were reported to those offices, including confidential crime reports, which were not reported to law enforcement. UNM’s campus security authority offices are found in the Albuquerque Main Campus Dean of Students Office, Residence Life and Student Housing, Greek Life Office, Student Activities Center, Global Education Office, some advisement areas, University Hospital Security Office, School of Medicine Office of Medical Student Affairs, College of Pharmacy Dean’s Office, College of Nursing Student Services Office, School of Law Operations Manager, UNM West Building Manager, Sandoval Regional Medical Center Security Manager, Office of Equity and Inclusion, Women’s Resource Center, El Centro de la Raza, African American Student Services Office, and American Indian Student Services Office. LGBTQ Resource Center and Accessibility Resources, and American Indian Student Services. Additionally, UNM athletics team coaches and advisors to UNM sponsored student organizations are also campus security authorities. Reports of crimes made to these offices and University personnel, including reports made confidentially, are included in the annual crime statistics.

Professional counselors with UNM's Student Health and Counseling (SHAC) are not campus security authorities, so that crime reports made to counselors are not disclosed by the counselor to the UNM Police Department for inclusion in the annual disclosure of crime statistics. As a matter of policy, professional counselors with SHAC, are encouraged, if and when they deem it appropriate, to inform students being counseled of the procedures for reporting crimes to the UNM Police Department for reporting crimes voluntarily and confidentially to a campus security authority office.

Each year, an email notification is sent to all enrolled students and UNM faculty and staff that briefly describes the annual security report and includes the most recent calendar year’s crime statistics. The email also includes the exact website address to access the full report. Copies of the annual security report may also be obtained at the UNM Police Department, Human Resources Service Center, Admissions Office, Student Support and Services Center and the University of New Mexico Health Sciences Center Administrative Services Office. Prospective students and employees may request a copy of the report or access it on the UNM Police Department website.

Table 1a at the end of this report shows statistics for reported crimes in 2014 on campus as well as non-campus property and public property surrounding the campus. Table 3b contains 2014 statistics for referrals for disciplinary action to the Dean of Students Office and Residence Life and Student Housing for alcohol, drug and weapons law violations.

Tables 2a and 2b contain 2013 crime statistics and disciplinary referrals and Tables 3a and 3b contain 2012 crime statistics and disciplinary referrals.

Table 4 shows 2013 fire statistics for UNM Student Residential Facilities and Table 5 shows similar information for the privately-owned fraternity and sorority houses at UNM.

SEX OFFENDER REGISTRATION

In accordance with the Campus Sex Crimes Prevention Act of 2000 (CSPA), the UNM Police Department is providing a link to the New Mexico Department of Public Safety for law enforcement. Reporting information for all reports concerning registered sex offenders. The CSWA requires institutions of higher education to inform the campus community where law enforcement information for registered sex offenders may be obtained. Additionally, the New Mexico Sex Offender Registration and Notification Act requires a convicted sex offender who is employed by, enrolled at, or volunteering with or carrying on a vocational or educational program with the university with the university’s law enforcement department, the university registrar, the county sheriff for the county in which the higher education institution is located as well as the county sheriff for the county in which the sex
OFF CAMPUS STUDENTS AND STUDENT ORGANIZATIONS

There are a number of recognized student groups at the University of New Mexico. At some point during the year, virtually all of the recognized student groups hold some type of meeting or event at an off-campus venue. Off-campus law enforcement, should it be needed, would fall to the police agency that has primary jurisdiction. In most cases, this would be the Albuquerque Police Department.

When a UNM student is involved in an off-campus offense, the law enforcement agency that has primary jurisdiction handles the case. UNM Police Officers may assist with an off-campus investigation if asked to do so by the local, county, state or federal agency that has primary jurisdiction. The Albuquerque Police Department does not routinely notify UNM Police of incidents that involve students who live within APD’s jurisdiction.

UNM Police routinely work and communicate with the Albuquerque Police Department, the Bernalillo County Sheriff’s Office, the Rio Rancho Police Department, the Albuquerque Aviation Police Department, the New Mexico State Police, and a variety of federal agencies, both on-campus and in areas within close proximity to the campus. In fact, multiple police agencies routinely work large-scale special events, such as football games, on campus.

The University of New Mexico does not operate off-campus housing on or off-campus student organization facilities. Many UNM students live in off-campus apartments that are within close proximity to the campus. The Albuquerque Police Department has primary jurisdiction in these areas. UNM Campus Police responds to incidents that are close to the campus when requested to do so by APD.

UNM maintains six residence hall complexes on campus. Residence Hall perimeter doors are secured each evening and entry is controlled by key fob access. Each complex has evening on-duty staff to respond to resident needs and the Student Residence Center Desk is open 24 hours, seven days a week and serves as a service and emergency contact point for residents.

Resident Advisors are available in each unit to assist students. New residents are briefed on UNM and residence hall policies and on crime prevention techniques at orientation/lbro meetings held for residents at the start of each semester. Further information may be obtained from the Residence Hall Handbook.

SAFETY TIPS
We have instituted many programs at UNM to ensure your safety while on campus, but safety really begins with you. The following are some tips to help protect yourself from crime:

- If you go out for a late night snack or study break, go with a friend, not alone.
- Walk purposefully. Look confident. Watch where you are going. Be alert to your surroundings.
- Use well-lighted, well-traveled routes. Avoid short-cuts through isolated areas.
- Lock all doors and close all windows when leaving your car, whether it is for a few minutes or for several hours.
- Have keys ready when you approach your car. Check the car for intruders before entering and lock your door immediately after getting into your car.
- Always lock your bike or motorcycle when leaving it unattended, even if it is only for a few minutes. Use the U-shaped high security lock whenever possible.
- Hang up immediately on obscene telephone calls.
- Don’t keep large sums of money in your office, dorm room, study area or apartment.
- Lock doors and windows, even if you are just going out for a minute.

If you are a victim of a crime or become aware of any suspicious circumstances, call UNM Police immediately.

DRUG AND ALCOHOL POLICY
UNM’s policy on illegal drugs and alcohol can be found at the end of this Safety and Security Report. The unlawful manufacture, distribution, dispensing, possession, or use of controlled substances or alcohol on UNM property as part of any activity by any member of the University community, faculty, staff, or student is strictly prohibited. Federal and State laws relating to controlled substances and alcohol are enforced by the UNM Police Department. The University enforces the State of New Mexico underage drinking laws and therefore does not permit the possession or consumption of alcoholic beverages by people under the age of twenty-one.

As a condition of employment or enrollment, all UNM employees and students are required to abide by the terms of the policy. Violation of the policy will result in disciplinary action up to and including employee dismissal or student expulsion and/or participation in an approved substance abuse treatment or rehabilitation program.

Recognizing the dangers of substance abuse in the work place, UNM uses alcohol and drug-free awareness programs to inform the community of the issues and risks of substance abuse. Numerous educational and treatment resources are also available, including:

MISSING RESIDENT STUDENT NOTIFICATION POLICY & PROCEDURE

The University of New Mexico takes student safety very seriously. To this end, and in compliance with the Higher Education Opportunity Act of 2008, the purpose of this policy is to provide procedures for reporting, investigating and making emergency notifications regarding any residential student of UNM, who, based on the facts and circumstances known to UNM, has been determined to be missing.

For purposes of this policy, a residential student of UNM is a student who is currently enrolled and resides in on-campus housing or in privately owned Greek housing on campus.

Student Contact Information
Residential students have the opportunity to identify an individual who will be contacted by UNM not later than 24 hours after the time that the student is determined to be missing. Student contact information is held confidential and is accessible only to authorized UNM officials and law enforcement involved in a missing person investigation. Students living in UNM residence halls can register their confidential contact information, or make any changes to previously registered information, through Residence Life and Student Housing. Students residing in Greek housing can register their confidential contact information through the Greek Life Office of UNM Student Activities Center. Students are responsible for ensuring that their contact information is up-to-date and accurate.

Missing Student Notification Procedure
UNM students, employees or other individuals who have reason to believe that a residential student is missing should immediately report their concerns to the UNM Police Department.
The Residence Life and Student Housing Office, Greek Life Office or other department receives a report of a missing student, UNM Police Department should be notified immediately. The UNM Police Department will, as appropriate, engage staff from Residence Life and Student Housing and other UNM departments in immediate efforts to locate the student. These efforts may include but are not limited to:

- Contacting the student via his or her telephone and/or email.
- Checking the student’s residence; determining if the student has been in class or used his or her UNM ID card.
- Checking with roommates, friends and others who may have relevant information.

If these efforts are unsuccessful in locating the student, UNM Police Department will inform the Dean of Students that the student is missing and the following will occur:

- The Dean of Students, or designee, will notify the student’s designated missing person contact within 24 hours of being informed by UNM Police Department that the student is missing.
- If the missing student is under the age of 18 and is not emancipated, the Dean of Students, or designee, will notify the student’s custodial parent or legal guardian within 24 hours of being informed by UNM Police Department that the student is missing.
- UNM Police Department will notify any other law enforcement agencies, as appropriate, for purposes of coordinating the investigation and continuing efforts to locate the student.
- The Dean of Students will initiate actions deemed appropriate under the circumstances in the best interest of the missing student. If a student contacts the student’s instructors, the UNM Police Department will be notified immediately.

Notification of Policy
Students will receive notification of this Policy annually through its inclusion in the University of New Mexico Annual Security Report and as part of the housing registration process for residential
WEAPONS POLICY
With very few exceptions, employees, students and visitors are not permitted to use or possess weapons on any part of the campus. A weapon includes, but is not limited to: firearms; ammunition and other dangerous weapons, substances, or materials; and bombs, explosives, or incendiary devices.

Persons who have such weapons in their possession must deposit them with the Police Department for the duration of their stay at UNM. Persons carrying a concealed handgun pursuant to a New Mexico state license must also deposit their firearm with the UNM Police Department while on campus. Any person failing to comply will become subject to appropriate disciplinary and/or criminal action. The UNM Weapons Policy is printed in its entirety in The UNM Pathfinder which is available in the Dean of Students Office (Student Services Center). The Pathfinder is also available online on http://pathfinder.unm.edu/

FIRE SAFETY REPORT
In accordance with the Higher Education Opportunity Act of 2008, UNM is providing mandatory fire safety information as part of this Annual Report. Detailed data for all on-campus student housing facilities can be found in Table 4 at the end of this Annual Report.

UNM’s Safety & Risk Services Department maintains information on reports of fires and fire alarms in University-owned residential halls and Student Family Housing. All of the Greek fraternity and sorority houses are owned by their respective Greek organizations rather than UNM. The Student Activities Center collects information about fires occurring in Greek housing from the fraternities and sororities.

Fire Safety Policies and Rules
Students who live in UNM residence halls and apartments are part of an academic community that has in place community standards to promote the well-being of all residents. The community standards include rules for fire safety, some of which are explained below. The complete Residence Hall Handbook can be found at: http://issu.unm.edu/housing/docs/residence_hall_handbook_2015

Smoking: Smoking is not permitted anywhere in the residence halls and apartments. UNM is a tobacco-free campus and smoking is prohibited in all University property except for a number of specifically designated outdoor areas.

Open flames: Open flames are prohibited in the residence halls and apartments. Students are not allowed to burn or possess candles, incense, kerosene lamps, lighter fluid, propane or charcoal in their rooms.

Cooking and electrical appliances: Residence hall and apartment students may bring and use in their rooms a microwave (800 watts or less), hot pot, coffee maker, rice cooker and hot air popcorn popper. Appliances with a visible heating element or which use hot oil (e.g., toasters, toaster ovens, George Forman grills) are prohibited. Possession of unauthorized cooking or heating appliances may result in disciplinary action, including imposition of a fine if use damages the room or apartment. Halogen lamps are prohibited in residence halls and apartments because they pose a fire hazard.

The Residence Life Handbook requires that all electrical appliances, cords and products be listed with National Electrical Standards. The Guide also requires that all equipment be maintained in excellent working condition. Overloading electrical outlets is prohibited and only approved surge protective/circuit breakers are permitted.

Residents should report all fires or other emergencies to the 24-hour Student Resident Center Desk by telephone. Residents may also report a fire directly to the fire department by calling 911. The Student Resident Center Desk is staffed on a 24-hour basis to respond to emergencies.

Residence hall/apartments conduct four fire drills each academic year (typically two per semester). When a fire alarm sounds in the event of a fire drill or an actual fire, residents must follow established building evacuation procedures as follows:

- All residents and guests are required to exit the building
- Close all room windows and open draperies
- Grab a blanket or towel to prevent smoke inhalation
- Leave room as quickly as possible and proceed to designated exit
- Leave ceiling lights in room on
- Lock your door and take your room key with you
- Don’t go out through emergency exits, unless it is truly an emergency or fire
- Once you are outside of the building move at least 100 feet away from the building to your designated safe area and stay until a signal to return is given by a residence hall staff member
- Stay clear of fire lanes and hydrants
- Do not remove or alter electrical fixtures or hardware

UNM strives to educate residential students about fire safety. Resident Advisors (student staff who live in each residence hall and apartment complex) attend training provided by UNM’s Safety & Risk Services Department on responding to emergency situations, including fires. The training includes how to evacuate the halls and use of the fire extinguishers located in residence halls and apartments. All students living in residence halls and apartments attend mandatory meetings each semester with their Resident Advisors to review fire safety materials and Resident Advisors discuss fire evacuation plans for their specific residence halls.

In 2012, UNM Safety & Risk Services began working with Residence Life to expand the type and amount of safety training for staff and Resident Advisors as well as housing maintenance. The training includes an on-line training video and a “smoke house” session where RA’s are trained on how to react to a smoke-filled building. UNM Safety & Risk Services continues to provide building familiarization for the local fire department. This is an ongoing collaboration with the local fire department given building upgrades.

The Student Family Housing complex consists of 200 apartments located a three-minute drive south of the main campus. Student Family Housing is designed for UNM students with spouses, domestic partners or families. Student Family Housing has on site management staff and Community Resident Assistants who receive training in fire safety and evacuation procedures.

Normal small electrical appliances are approved for use in Student Family Housing. Electric heaters and air conditioners and other large electrical appliances are not permitted.

Student Family Housing prohibits the burning or possession of candles, incense, kerosene lamps, lighter fluid, propane or charcoal in apartments or under covered patios. Student Family Housing is also a smoke free environment so that residents and their visitors are not allowed to smoke in apartments, or on porches, patios, balconies, and adjacent areas. The complete Residence Hall Handbook can be found at:

http://housing.unm.edu/student-family-housing/

Lobo Village and Casas del Rio are owned and managed by American Campus Community (ACC), in partnership with Residence Life & Student Housing. Table 4, 2013 Fire Statistics for UNM Student Residential Facilities, includes information about Lobo Village and Casas del Rio. Residents residing in either of these complexes can look to ACC’s lease and resident handbook for information on rules and policies about fire safety. Lobo Village permits smoking inside apartments and in designated outside areas. Casas del Rio does not permit smoking anywhere on property. Neither Lobo Village nor Casas del Rio permit smoking inside their respective club house, office areas or amenities. The use of candles or other burning or smoking devices (including hookahs and shisha) are prohibited in both complexes. Residents with questions can contact the Lobo Village or Casas del Rio offices.

The University of New Mexico Safety & Risk Services Department (SRS) continually evaluates the need for improvements in all aspects of the campus fire safety program. It is the intent of SRS to provide an environment that addresses the issues of fire and life safety for students, visitors, volunteers, faculty and staff. To that end, SRS plans to implement the following fire safety initiatives:

- Provide timely, consistent and effective inspections and testing of building Fire Alarm and Fire Suppression Systems by establishing procedures for conducting and documentation of the required inspections and testing in TMA
- Ensure that all UNM on/off campus buildings have current and accurate evacuation maps, by conducting onsite verification of building lay-out and fire system components, annually and after remodels that alter building layouts
- Update the New Employee Orientation SRS presentation on an ongoing basis to ensure that new employees are aware of fire safety measures
- Provide fire safety information at Welcome Back Days
- Coordinate with first responder agencies in the vicinity of branch and satellite campuses to ensure that fire safety issues are addressed
- Continue to submit the annual fire safety capital report to the Board of Regents
- Improve and streamline the collection and retention of data and statistics on fire-related incidents, to respond to Clearay Act requirements
- Continue to assist with the loss prevention and control inspections by conducting inspections and submitting reports in a timely manner to the SRS Risk staff
• Continue to provide fire safety support to Special Events to include Gathering of Nations, Building tours, sporting events, commencement, etc.

• Provide fire extinguisher training to different stakeholders throughout campus.

• Follow the requirements of the UNM-AFD MOU to insure coordination with AFD

• Organize and implement fire drills for all buildings, including branch and satellite campuses, to insure that designated evacuation procedures are being followed, including: timely and complete evacuation, following the correct route to the designated muster point

• Closely monitor the fire safety vendors to insure that inspections and services are conducted in an appropriate, efficient and regularly scheduled basis

• Continually update the SRS website to insure that current fire safety information is available to the UNM community

• Actively review remodel and new construction plans to insure compliance with fire code.

GREEK HOUSING

UNM’s Greek community hosts 24 fraternity and sorority chapters. Of those 24 chapters, eight chapters own and manage chapter houses where members of the fraternity or sorority may reside. These Greek houses are within the UNM campus but they are neither owned nor managed by the University. Chapter houses are owned by the Greek organizations themselves. All of the fraternity and sorority chapters that own houses are affiliates of their respective national Greek organizations which set rules and policies governing chapter houses.

Chapter houses are required to be inspected annually by the Albuquerque Fire Department and must conduct one fire drill each semester. The UNM Student Activities Center collects reports of fires occurring in Greek housing. In 2014, no reported fires occurred in any fraternity or sorority chapter houses.

Information about fire safety in the eight fraternity and sorority chapter houses where UNM Greek students resided in 2014 can be found at the end of this report in Table 5.

SEXUAL ASSAULT POLICY

General

Title IX of the Educational Amendments of 1972 (Title IX) is a federal civil rights law that prohibits discrimination of the basis of sex (including gender, sex stereotyping and gender identity) in federally funded education programs and activities. Sexual harassment, which includes acts of sexual violence and sexual misconduct, is a form of sex discrimination prohibited by Title IX. This policy on Sexual Violence and Sexual Misconduct applies to all allegations of sexual violence or misconduct made by or against a student, or a UNM Staff or Faculty member, regardless of where the alleged sexual violence or misconduct occurred. If the circumstances giving rise to the complaint are related to UNM’s programs or activities, this policy may apply regardless of affiliation of the parties.

Sexual violence and misconduct may be committed by anyone, including a stranger, an acquaintance, a friend or someone with whom the victim is involved in an intimate or sexual relationship. Individuals who have experienced sexual violence or misconduct are encouraged to report what happened to law enforcement and to see assistance from any of the Campus Resource Offices or community resources listed in Section 9 of this policy. A report of sexual violence or misconduct will be taken seriously and addressed in accordance with UNM Policies and Procedures. The University’s Title IX Coordinator is Heather Cowan of the Office of Equal Opportunity (OEO), who oversees institutional compliance with Title IX.

This policy includes information for students, staff and faculty on resources available following an act of sexual violence or misconduct, UNM responses, education, and prevention programs and possible disciplinary sanctions.

1. Reporting Sexual Violence

If the incident occurred on the UNM Campus, contact the UNM Police Department, who can be reached 24 hours a day/365 days a year by calling 911 from a campus phone or 505-277-2241. Any student, faculty or staff member who has experienced sexual violence or misconduct and wants help notifying law enforcement can contact one of the following UNM Departments:

LoboRespect Advocacy Center: (505) 277-2911
Women’s Resource Center: (505) 277-3716
LBGTQ Center: (505) 277-5428
Office of Equal Opportunity: (505) 277-5251

The University urges any individual who has experienced sexual violence or misconduct, or has knowledge about an incident of sexual violence or misconduct, to make an official report. In order for the University to respond effectively to individuals who have experienced sexual violence or misconduct, all UNM staff and faculty, except as noted in Section 7, who receive information about a person who has experienced sexual violence or misconduct must report the information to OEO within 24 hours, or as soon as reasonably practicable, by calling OEO at (505) 277-5251. Or by email at: anonymous@unm.edu. See Section 7 for more details, including how you can retain your anonymity when you report.

2. Definition of Sexual Violence and Sexual Misconduct

Sexual violence refers to physical sexual acts perpetrated with force or coercion against a person’s will; or where a person has not given consent as defined in this policy or is unable to consent due to his or her use of alcohol or drugs, or disability, or age. Sexual violence is a crime.

Examples of prohibited acts of sexual violence and sexual misconduct include:

Rape/Sexual Assault: non-consensual intercourse (either vaginal or anal) with a penis, vagina, tongue, finger, or any object.

Sexual Exploitation: taking sexual advantage of another person without consent, including, without limitation, indecent exposure; voyeurism; non-consensual recording, photographing, or transmitting identifiable images of private sexual activity and/or the intimate parts of another person; and/or allowing third parties to observe private sexual acts.

Dating Violence: under New Mexico Crimes Against Household Members Act, someone with whom a person has a dating or intimate relationship is considered to be a household member. Any of the felony and misdemeanor crimes enumerated as domestic violence in the Crimes Against Household Members Act are also crimes when committed against someone with whom the offender has a dating or intimate relationship.

Non-consensual Oral Sex: non-consensual contact between one person’s mouth and the genitals or anus of another person.

Domestic Violence: under state law, domestic violence is defined a felony and misdemeanor crimes under the New Mexico Crimes Against Household Members Act. Crimes include under the New Mexico Crimes Against Household Members Act are assault, aggravated assault, assault with intent to commit a violent felony, battery and aggravated battery. A “household member” is a spouse, former spouse, parent, present or former stepparent, present or former parent-in-law, grandparent, grandparent-in-law, a co-parent or a child, or a person with whom someone has had a continuing personal relationship. Cohabitation is not necessary to be deemed a household member under the Act. In addition, under the New Mexico Family Violence Protection Act, violation of a court-issued order or protection granted to protect an individual who has experienced Sexual violence or misconduct or domestic abuse is a misdemeanor crime.

Stalking: under New Mexico law, “stalking” is defined as knowingly pursuing a pattern of conduct, without lawful authority, directed at a specific individual when the person intends that the pattern of conduct would place the individual in reasonable apprehension of death, bodily harm, sexual assault, or restraint of the individual or another individual. “Aggravated stalking” consists of stalking perpetrated by a person who knowingly violates order of protection, resulting in an order of protection, or when the person possesses a deadly weapon or when the victim is under sixteen years of age.

Sexual Contact/Battery: non-consensual touching, kissing, or fondling of another person in a sexual way, whether the person is clothes or unclothed, or forcing someone to touch another in a sexual way.

Domestic Abuse: under the Family Violence Protection Act, “domestic abuse” is defined as “an incident of stalking or sexual assault whether committed by a household member or not resulting in physical harm, severe emotional distress, bodily injury or assault, a threat causing imminent fear bodily injury by any household member, criminal trespass, criminal damage to property, repeatedly driving by a residence or work place, telephone harassment, harassment, or harm or threatened harm to children. Under the Family Violence Protection Act, “household members” include a spouse, former spouse, parent, present or former stepparent, present or former parent-in-law, grandparent, grandparent-in-law, a co-parent or a child, or a person with whom someone has had a continuing personal relationship. Cohabitation is not necessary to be deemed a household member under the Act. Violation of any provision of an order of protection issued under the Family Violence Protection Act is a misdemeanor crime and constitutes contempt of court and may result in a fine or imprisonment or both.

Sexual Harassment — sexual harassment, a form of sex discrimination, is defined as unwelcome conduct of a sexual nature. There are two typical
types of sexual harassment: quid pro quo and hostile environment. University Administrative Policy (UAP) 2730.2 Harassment, at https://policy.unm.edu/university-policies/2900/2730.html describes the prohibition on all forms of sexual harassment, including sexual violence and sexual misconduct.

For complete definitions of the crimes of sexual assault, domestic violence, dating violence, and stalking under New Mexico law, see “New Mexico Definitions of Violence Against Women Act Crimes” in Section 15 of this policy.

2.1 Jurisdiction
The Office of Equal Opportunity (OEO) is not a law enforcement agency. As such, while it is charged with investigating all allegations of sexual violence and misconduct as provided in this policy, OEO does not enforce criminal statutes. Enforcement of criminal statutes is the sole jurisdiction of law enforcement agencies. Similarly, while it generally has jurisdiction to administratively investigate claims of sexual violence depending on the allegations made, OEO may not have jurisdiction to investigate alleged sexual misconduct. The information received from an individual will be reviewed and a determination will be made as to whether OEO has jurisdiction over the concerns.

3. Definition of Consent
Consent is an affirmative, informed, and conscious decision to willingly engage in mutually acceptable sexual activity. Consent requires a clear affirmative act or statement by each participant to each sexual act in sexual interaction. Consent demonstrates that the conduct in question is welcome or wanted. Relying solely on non-verbal communication can lead to miscommunication about one’s intent. Confusion or ambiguity may arise at any time during a sexual interaction. Therefore, it is essential that each participant makes clear his or her willingness to continue at each progression of the sexual interaction.

Definition of Consent: Affirmative, informed and conscious decision to willingly engage in mutually acceptable sexual activity. Demonstrated by a clear affirmative act or statement made by each participant to each sexual interaction.

Definition of No Consent: No clear act or statement given. Silence, passivity, or lack of response. Participant is asleep, unconscious or otherwise unaware of what is happening. Participant is under the influence of alcohol or drugs such that he or she is unable to give meaningful consent or does not understand the situation. Participant is impaired by mental, physical or psychological disability. Participant is not of age to consent.

Sexual activity will be considered “without consent” if no clear act or statement is given. Consent may not be inferred from silence, passivity or lack of active response alone. A person who is asleep, unconscious, or otherwise unaware of what is happening is unable to give consent. Furthermore, a current or past dating or sexual relationship is not sufficient to constitute consent in every instance, and consent to one form of sexual activity does not imply consent to other forms of sexual activity. It is the responsibility of the person initiating the sexual activity to obtain consent from his or her partner. Being intoxicated or under the influence of other drugs does not diminish one’s responsibility to obtain consent.

The use of alcohol or drugs can limit or prevent a person’s ability to freely and clearly give consent. If a person is under the influence of alcohol or drugs, such that he or she is unable to give meaningful consent or does not understand the fact, nature or extent of the sexual situation, there is no consent. Intoxication alone, however, does not mean a person is incapable of consenting to sexual activity. OEO examines the record of other behavior like stumbling or otherwise exhibiting loss of equilibrium; slurred speech or word confusion; bloodshot, glassy or unfocused eyes; vomiting, especially repeatedly; being disoriented, or confused as to time or place; loss of consciousness. Should the preponderance of the evidence in the record demonstrate that one or more such behaviors were objectively apparent at the time the alleged uninvited or unwelcome sexual activity occurred, then the evidence may demonstrate that the respondent knew or should have known that the complainant was incapable of giving meaningful consent to sexual activity due to intoxication. If the person initiating the sexual activity is also under the influence of alcohol or drugs, that does not diminish his or her responsibility to obtain consent, and is not a defense to charges of violation of this policy. Because it may be difficult to discern whether a sexual partner is incapacitated, it is better to err on the side of caution and assume that your partner is incapacitated and unable to give consent to the sexual activity.

In addition to alcohol or drugs, if a person’s mental, physical, or psychological disability (temporary or permanent) or age impairs his or her ability to make an informed decision to willingly engage in sexual activity, there is no consent. Examples include, but are not limited to, when an individual is incapacitated, scared, physically forced, intimidated, coerced, mentally or physically impaired, passed out, threatened, isolated, or confined.

4. Amnesty from Disciplinary Action for Students
UNM’s primary concern is the safety of students, staff, and faculty. While staff and faculty must report incidents of students experiencing sexual violence or misconduct, except as noted in Section 7, the University strongly encourages all members of the campus community to report instances of sexual violence or misconduct. The University grants amnesty to students who may have violated the Student Code of Conduct’s prohibition on the use or possession of alcohol or drugs at the time they experienced sexual violence or misconduct. Depending on the circumstances, the Dean of Students Office may determine, on a case-by-case basis, that those who witnessed an instance of sexual violence or misconduct and who provide information regarding such instance may be granted the same amnesty. However, students should understand that any violation of state or federal criminal law involving the use or possession of alcohol or illegal drugs may result in prosecution, and UNM cannot grant amnesty from proceedings in the criminal justice system. Decisions about prosecution are made by the District Attorney’s Office in the state criminal justice system and by the U.S. Attorney’s Office in the federal criminal justice system.

5. Off-Campus Conduct
Conduct that occurs off-campus can be the subject of a complaint or report and will be evaluated to determine whether it implicates this policy or the Student Code of Conduct. If off-campus sexual violence has continuing effects that create a hostile environment on campus for an individual who has experienced sexual violence or misconduct, the University may take interim measures and depending on the circumstances, will investigate the conduct.

6. Retaliation
It is a violation of Title IX and University policy to retaliate against any person who makes a complaint of sexual violence or misconduct or testifies, assists, or participates in an investigation or proceeding regarding an allegation of sexual violence or misconduct. Concerns that a student, staff, or faculty member has threatened to retaliate or has retaliated against another student, staff, or faculty member should be reported promptly to the Office of Equal Opportunity. A staff, faculty member, or student who retaliates against a person who makes a complaint of sexual violence or misconduct, testifies, assists, or participates in an investigation or proceeding regarding an allegation of sexual violence or misconduct, or seeks assistance from OEO, may be subject to disciplinary action.

7. Disclosure of Information
The University encourages individuals who have experienced sexual violence or misconduct to get the support they need and the University can respond appropriately. UNM recognizes that such individuals may want to speak with someone on campus before deciding whether to report the incident to the police or the Office of Equal Opportunity for investigation. Individuals who experience sexual violence or misconduct are strongly encouraged to understand the various reporting requirements of University entities in order to make the best decision for their circumstance. Whether or not anonymity is requested, information about sexual violence and misconduct will be treated confidentially and only be shared on a need-to-know basis, and as authorized under University policy and applicable federal and state law. As required by the federal Clery Act for statistical purposes, instances of sexual violence and misconduct reported to entities other than those identified below as “No Disclosure Required” must be reported to the UNM Police Department, which is responsible for annually reporting crime statistics to the University community. Such reports to UNM Police Department do not include identities and are only comprised of the nature, date, time, and general location. These reports do not serve as a criminal police report and do not launch a criminal or administrative investigation; these reports are purely for statistical purposes to meet Clery Act obligations.

For more information regarding the rights of the parties in a Title IX proceeding, see the Student Code of Conduct in the UNM Pathfinder.

Anonymity/Statistical Reporting Only:

Advocacy Centers at UNM

The LoboRespect Advocacy Center, the Women’s Resource Center (WRC), and the LGBTQ Resource Center are designated as advocacy and support centers for those who have experienced sexual violence or misconduct. UNM may designate other Advocacy Centers on campus from time to time; a complete list of designated Advocacy Centers can be found at loborespect.unm.edu. Individuals who have experienced sexual violence or misconduct may talk with these individuals anonymously; however, Advocacy Centers will report the nature, date, time, and general location of the incident to the Office of Equal Opportunity as well as to the UNM Police but will not provide identifying information without written consent from that individual. These reports to OEO and UNM Police do not launch a University investigation. Rather, the purpose of the report is to meet Clery Act Compliance, and to help keep the Title IX Coordinator informed of the general extent and nature of sexual violence and misconduct on and off campus in an effort to track patterns, evaluate the scope of the problem, and formulate appropriate campus-wide responses.

No Anonymity Possible:

All UNM Faculty/Staff Not Previously Identified

Information about alleged sexual violence or misconduct the College is aware of by an individual or any University faculty or staff not previously identified is required to be reported to the Office of Equal Opportunity by law and UNM Policy. However, it is still the full choice of the individual who has experienced sexual violence or misconduct to make a report with the UNM Police Department or to participate in an administrative investigation with OEO. 1 UNM faculty/staff receiving information about cases of sexual violence or misconduct involving students must report within 24 hours or as soon as reasonably possible what they have learned to the Office of Equal Opportunity at 505-277-5251 or emailing oeounnm@unnm.edu. Reports made by faculty or staff to OEO will include the nature, date, time, location, as well as the identities of all involved parties. While faculty and staff must report this information to OEO, this information is still considered confidential and will only be shared by OEO with those who have a legitimate need-to-know and as authorized by University policy and applicable federal and state law.

Requests for Anonymity Within an Investigation or That No Investigation Occur

Please refer to Section 13 Investigation and Disciplinary Procedures2 for information about requests for anonymity or that no investigation occur.
Volunteer trained peer counselors respond to phone calls on a 24/7 hotline and can refer callers to UNM and community resources.

10. Interim Measures

The Dean of Students Office has the authority to implement interim measures, which stay in place until the end of any review or appeal process. The Dean of Students Office can impose a “no contact” order, which typically restricts the complainant and respondent not to have contact with each other, either in-person or through electronic communication, pending the investigation and resolution of a complaint. The Dean of Students Office can arrange for changes in academic and/or on-campus living situations as needed. Other interim measures, as appropriate, can be implemented by the Dean of Students Office before the final outcome of the investigation and afterwards as needed.

11. Procedures to Follow if Sexual Violence or Misconduct Happens to You

If you are in danger, dial 911 for assistance. If you are on the UNM campus, you will be connected with UNM Police Department. If you are off campus in Albuquerque, you will be connected with the Albuquerque Police Department. You may also want to call a trusted family member or a friend. Seek medical attention. If you have serious injuries, seek emergency medical attention at a hospital. In the Albuquerque area, you can contact SANE (Sexual Assault Nurse Examiners) at (505) 884-7263 for information about receiving a sexual assault examination.

You can also contact the Rape Crisis Center of Central New Mexico at (505) 266-7711 or (888) 881-8282. The Rape Crisis hotline is available 24 hours a day, 7 days a week, 365 days a year. An advocate from Rape Crisis Center will accompany you to a sexual assault examination at the office of the Sexual Assault Nurse Examiners.

It is important for individuals who have experienced sexual violence or misconduct, in particular sexual assault, to understand the steps to take to preserve evidence for possible use later to support a criminal case. All those who have experienced a crime have the right to report a crime to police at any time, regardless of when it occurred. However, the sooner you file a report of a sexual assault, the better the chances that helpful evidence can be collected to support a criminal case, that you will be able to convey a clear account of what happened, and that police will be able to identify and speak with witnesses.

You may file a report of a sexual assault and/or receive a sexual assault medical examination immediately and then decide at a later date if you want to pursue filing criminal charges.

The UNM Police Department encourages you to report any act of sexual violence or misconduct that takes place on the UNM campus to UNMPD. Also, as discussed above, if you are a student and you need assistance in reporting to UNMPD, you can get help from the LoboRespect Advocacy Center or any of the other offices typically directing to UNM’s Sexual Misconduct and Assault Response Team (SMART).

13. Investigation and Disciplinary Procedures

The University of New Mexico’s Student Code of Conduct and Visitor Code of Conduct, which apply to the Albuquerque campus and all branch
In any disciplinary proceeding held by the Dean of Students Office, both the accuser and the accused are allowed to be an attorney, including an attorney advisor. However, such advisors are not authorized to speak on behalf of the individual they are advising. Rather, the accuser and accused must present their own case during the proceeding, and advisors’ participation is limited to advising the person they are advising. In addition, both the accuser and accused will be notified in writing of the decision on sanctions to the extent permitted by the federal Family Educational Rights and Privacy Act (FERPA), and both parties have the right to appeal the sanctions decision. More information about the disciplinary process used by the Dean of Students Office can be found in the Student Grievance Procedure. Article 4 discusses alleged acts of sexual violence, sexual misconduct, and sexual harassment.

Individuals who have experienced sexual violence or misconduct are encouraged to report the crime to the appropriate law enforcement authority. The Dean of Students Office is available to meet with a student to discuss and help implement interim measures, including academic adjustments, changes in on-campus living situations, issuance of “no contact” orders and other measures as needed. Interim measures must be provided by the staff or faculty who experience sexual violence or misconduct, as directed by the appropriate supervisory authority.

- Suspension: losing student status for a period of time specified in the terms of the suspension. A suspension may commence immediately upon a finding of a violation or it may be deferred to a later time.

- **OEO issues a Preliminary Letter of Determination (POLD) finding that there is either probable cause or no probable cause that a violation of University policy occurred.**
- **Complainant and respondent have two weeks to submit any new information that OEO has not considered or previously seen.**
- **OEO issues a Final Letter of Determination (FOLD) either upholding the finding in the POLD or altering it based on new information submitted.**

**Either party has two weeks to seek a discretionary review of the FOLD from the Office of the President.**

**Disciplinary Action**

**Aggravated stalking:**
consists of stalking perpetrated by a person:
- Who knowingly violates a permanent or temporary order of protection issued by a court, except that mutual violations of such orders may constitute a defense to aggravated stalking;
- In violation of a court order setting conditions of release and bond;
- When the person is in possession of a deadly weapon; or
- When the victim is less than sixteen years of age.

**Domestic Violence – NMSA 1978, § 30-3-10, et seq., “ Crimes Against Household Members Act” (includes dating violence)**

**Domestic violence consists of assault or battery of:**
- A spouse or former spouse;
- Parent, step-parent, in-law, grandparent, grandparent-in-law, co-parent of a child, or a person with whom a person has had a continuing personal relationship;
- “Continuing personal relationship” means a dating or intimate relationship.

- It is not necessary to be deemed a household member for purposes of the Crimes Against Household Members Act.

**Assault against a household member means:**
- An attempt to commit a battery against a household member;
- Or any unlawful act, threat or menacing conduct that causes a household member to reasonably believe they are in danger of receiving an immediate battery.

**Aggravated assault against a household member means:**
- Unlawfully assaulting or striking a household member with a deadly weapon;
- Willfully and intentionally assaulting a household member with intent to commit any felony.

**Assault against a household member with intent to commit a violent felony means:**
- Any person assaulting a household member with intent to kill or commit any murder, mayhem, criminal sexual penetration in the first, second, or third degree, robbery, kidnapping, false imprisonment, or burglary.

**Battery against a household member consists of:**
- Any unlawful touching or application of force against a household member when done in a rude, insolent, or angry manner.

**Aggravated battery against a household member consists of:**
- The unlawful touching or application of force against a household member with intent to injure that person or another.

**Sexual Assault – Criminal Sexual Penetration (NMSA 1978, § 30-9-11), Criminal Sexual Contact (NMSA 1978, § 30-9-12), and Criminal Sexual Contact with a Minor (NMSA 1978, § 30-9-13)**

“Criminal sexual penetration” is the unlawful and intentional causing of a person to engage in sexual intercourse, cunnilingus, fellatio, or anal intercourse, or the causing of penetration, to any extent and with any object, or the genital or anal openings of another, whether or not there is any emission.

- Criminal sexual penetration is a felony crime; the degree of the felony (first degree through fourth degree) depends on the age of the victim and the force or coercion used by the perpetrator.
- “Force or coercion” is defined in NMSA 1978, § 30-9-10(A) and means:
  - The use of physical force or physical violence;
  - The use of threats to use physical force or violence against the victim or another;
  - The use of threats, including threats of physical punishment, kidnapping, extortion, or retaliation directed against the victim or another; or
  - Committing a criminal sexual penetration or criminal sexual contact when the perpetrator knows or has reason to know that the victim is unconscious, asleep, or otherwise physically helpless or suffers from a mental condition that renders the victim incapable of understanding the nature or consequences of the act.

“Criminal sexual contact” is the unlawful and intentional touching of or application of force, without consent, to the unclothed intimate parts of another who has reached his eighteenth birthday, or intentionally causing another who has reached his eighteenth birthday to touch one’s intimate parts.

- “Intimate parts” means the primary genital area, groin, buttocks, anus, or breast.
- Criminal sexual contact is a felony if perpetrated by the use of force or coercion that results in personal injury to the victim, or if the perpetrator is aided or abetted by others, or when the perpetrator is armed with a deadly weapon.

- Criminal sexual contact is a misdemeanor crime when perpetrated with the use of force or coercion.

- "Criminal sexual contact with a minor” is the unlawful and intentional touching or of application of force to the intimate parts of a minor or the unlawful and intentional causing of a minor to touch one’s intimate parts.

- “Intimate parts” means the primary genital area, groin, buttocks, anus, or breast.

A “minor” is a person eighteen years of age or younger.

**16. Consent**
In New Mexico, the absence of consent is not an element of the crime of criminal sexual penetration. What this means is that a prosecutor does not have to prove beyond a reasonable doubt that sexual intercourse took place without the victim’s consent in order to convict the defendant of criminal sexual penetration. A defendant can, however, claim as a defense to a charge of criminal sexual penetration that the accuser consented to the sexual act. Consent may be used to negate the element that “force or coercion” was used by the accused. Consent is what is known as an affirmative defense to a charge of criminal sexual penetration because if the accuser consented, the sexual act would not have been unlawful.

The University of New Mexico has adopted a definition of consent in this policy (see Section 3).

**Footnotes:**

1. The Violence Against Women Act (VAWA) is a federal law originally passed in 1994 and reauthorized several times by Congress, most recently in 2013.
2. Except as required by law and their professional licensure requirements, such as reporting imminent danger.
3. Under certain circumstances, the allegations made may indicate that a continuing threat to the general public may be present. Under those circumstances, UNM may be obligated to forward the allegations to the appropriate agency for investigation and/or prosecution.

POLICY ON ILLEGAL DRUGS AND ALCOHOL

Adopted by the President
August 3, 1990
Revised September 11, 1992

This Policy on Illegal Drugs and Alcohol is adopted pursuant to federal law and because of the commitment of The University of New Mexico to an environment for the pursuit of its educational mission free of drugs and the illegal use of alcohol. Drug and alcohol abuse on campus poses a serious threat to the health and welfare of faculty, staff and students; impairs work and academic performance; jeopardizes the safety and well-being of other employees, students and members of the general public; and conflicts with the responsibility of The University of New Mexico to foster a healthy atmosphere for the pursuit of education, research and service.

This policy covers all property owned, used, leased or controlled by The University of New Mexico, or any other site where official University business is being conducted. “Controlled substances” means those substances in Schedules I through V of section 202 of the Controlled Substances Act, 21 U.S.C. 812, and implementing regulations, 21 CFR 1308.11-1308.15. Controlled substances include, but are not limited to, marijuana, cocaine (including “crack”), amphetamines, heroin, PCP, hallucinogens, and certain prescription drugs. Illegal uses of alcohol include, but are not limited to, serving, buying or drinking alcohol by a minor; assisting a minor or an intoxicated person to get alcohol; selling alcohol without a license and driving while under the influence. This policy is not intended to supercede or negate any existing policies on substance abuse, student or employee discipline, or any additional requirements imposed on The University of New Mexico or its students, faculty or staff by federal or state law.

**1. Policy Statement**

The unlawful manufacture, distribution, dispensing, possession or use of controlled substances or alcohol on UNM property or as part of any of its activities by any member of The University of New Mexico community, faculty, staff or students strictly prohibited.

As a condition of employment, all employees, faculty and staff of The University of New Mexico shall abide by the terms of this policy. Violation of this policy shall result in disciplinary action, up to and including dismissal. For more detailed information, faculty should refer to the Faculty Handbook and/or contact the Faculty Grants and Contracts Office. Staff may refer to the University Business Policies and Procedures Manual and/or contact the Human Resources Department.

As a condition of continued registration and enrollment, any student of The University of New Mexico shall abide by this policy. Violation of this policy shall result in disciplinary action, up to and including expulsion. For more detailed information, students should refer to the Student Code of Conduct and related policies printed in the UNM Pathfinder and/or contact theDean of Students Office.

UNM’s response to any violation of this policy may include, as a total or partial alternative to disciplinary action, a requirement that the employee or student participate satisfactorily in an approved substance abuse treatment or rehabilitation program as a condition of continued employment or
III. Legal Sanctions for the Unlawful Possession or Distribution of Illicit Drugs and Alcohol

The penalties for even the most minor violations of the Liquor Control Act can include fines of up to $300, confiscation of property and imprisonment for up to seven months. More serious violations carry greater penalties, with longer fines and longer imprisonment.

Driving or using machinery after drinking or using drugs creates the risk that the user may injure or kill someone. This can result in homicide charges. License revocation and vehicle impoundment are also possible results of driving while under the influence of liquor or drugs. The minimum blood alcohol levels at which drivers’ licenses are revoked in New Mexico are: .02% for those under 21 and .08% for those 21 and over. All drivers in New Mexico are presumed to be intoxicated at the .08% level.

In drug-related cases a court can permanently suspend eligibility for federal benefits, including financial aid. A criminal record can seriously hurt educational and career opportunities. Penalties for illegal drug use can include significant fines and imprisonment. Penalties for the illegal sale of drugs are greater, and may include property confiscation. Alternative penalties for illegal drug or alcohol use may also include mandatory community service. Violation of laws by a foreign national may result in deportation.

Details on federal and state sanctions for the unlawful possession or distribution of illegal drugs are contained in the Policy on Illegal Drugs and Alcohol that appears on page 53 of the 2007-2008 UNM Pathfinder.

III. Health Risks Associated with Use of Illicit Drugs and the Abuse of Alcohol.

Excessive alcohol consumption and abuse of illicit drugs can lead to certain types of cancer, pathological changes in the liver, brain, heart and muscle which can lead to disability and death, addiction, birth defects, shortened life span, stomach ulcers, phlebitis, varicose veins, and other health problems. Alcohol and drugs are also a major factor in homicides, assaults, rapes, suicide, family and date violence. Alcohol is significantly involved in all types of accidents—motor vehicle, home, industrial, and recreational. Unintended pregnancies and sexually transmitted diseases are often associated with alcohol or other drug abuse, as well as relationship, academic or work problems.

For more information on the possible effects and health risks associated with the use of illicit drugs and alcohol, contact the Student Health Center Health Education Program at (505) 277-1074 or the UNM Campus Office of Substance Abuse Prevention at (505) 277-2795. Information on the possible effects and health risks associated with the use of illicit drugs and controlled substances is also contained in the Policy on Illegal Drugs and Alcohol that appears on page 53 of the 2007-2008 UNM Pathfinder.

***We have broken down our numbers to Sexual Assault and Fondling to reflect the reporting standards used by the Clery. The number of Sexual Assaults did increase by one from our initial report from 11 to 12, due to further review of reported incidents.

**** Three Drug Law Violations were removed and added to the UNM West Crime Statistic Table

(1) Public Property numbers were removed because the aggravated assault was on campus along with 3 drug law violations. The other incidents did not happen in a Clery reportable geography location.
